## MORNING PRAYER

Everyday, our class sits down to say good-morning to each other and open our day in prayer. One morning, Declan prayed for his friend, Ryder, who broke his foot and needed to get an x-ray. On another day, Evelyn thanked God for creating all of us. Kammie sometimes prays that her mommy will have more time to play with her. One morning, she was so excited to tell us that God answered her prayer because they had spent a special afternoon together. Last week,

Kayden thanked God for her grandma and hopes to see her again soon because she went back to Oregon. The other day, Finn said, "I want to thank God for giving us water and a family. I also want to thank God for giving us jobs so that we can have freedom." On a different day, Caden prayed for our world and that Children's Hospital wouldn't make him get the vaccine to be able to see his doctors. I'm amazed to hear them talk to God and to see their enthusiasm when He hears us!

# IMPORTANT ANNOUNCEMENTS!

## FIELD TRIP - OCTOBER 6TH

Wednesday, October 6th is our field trip to Underwood Family Farms in Moorpark. If you would like to join us, please let me know. The cost for each parent, sibling, or other relative is \$12. Students are covered with tuition. Unless you would like to meet us at the farm, the students will be riding in my parents' RV. Please send a booster to school if you prefer your child sit in one while driving (not required legally, but parent choice). Please arrive to school on time. We will leave school at 8:30 AM to arrive at the farm at 9:00 AM. Please send your child with a hat, closed-toed shoes, and a lunch. We will return to school before 2:15 PM.

## SCHOOL PICTURES - OCTOBER 6TH

For a fun fall background, we will have school pictures on October 6th at the farm. Please refrain from dressing your child with logos as we would like a clean class picture for our first school year. If you prefer a more traditional photo for Christmas cards, let us know. Thank you!

## OPEN HOUSE - OCTOBER 15TH

Join us on Friday, October 15th for our first Open House! The students have been so busy the last few weeks. We will watch a few video clips of our class, show you our many plant experiments, and each student will present their report on a farm animal. Come at 5:30 PM and bring the whole family. Light refreshments will be provided.

## THE THREE LITTLE PIGS

This week, we listened to five different versions of the classic fairytale, "The Three Little Pigs". For STEM, we made houses of straw, sticks, and brick. In P.E., we did little pig exercises. In math, we played a game where students picked little pig cards with numbers on them and dot painted the corresponding number on the pig's house. Then, as a class, we wrote our own account of the story. Do the pigs get eaten? Is the wolf really bad? We will read our narrative at the Open House!
